QUEEN IS IN AN ACCIDENT

QUEEN WILHELMINA AND PRINCE CONSORT HAVE NARROW ESCAPE FROM INJURY.

THEIR COACH IN COLLISION

Great Confusion Followed Collision and Occupants of Coach Were in Much Danger From Excited Horses—Queen Very Cool.

The Hague, June 5.—Queen Wilhelmina and Prince Consort had a narrow escape from serious accident today while en route to church in their royal carriage, for the christening of the infant princess, when their coach collided with another vehicle.

There was great confusion in a moment and the excited horses were a source of great danger. They were soon disentangled, however, and none injured.

The queen was cool throughout the excitement.

50,000 MILES IN AN AUTO

MR. AND MRS. WILLIAMS OF OKLAHOMA CITY ARRIVE HERE AFTER LONG TRIP.

Fifty thousand miles in an auto without a single breakdown, is quite a record, but that is what Mr. and Mrs. J. D. Williams of Oklahoma City have accomplished in their White Fiat.

Mr. and Mrs. Williams arrived in Ardmore yesterday afternoon from the south, after having travelled all over parts of Oklahoma, Texas and New Mexico. Mr. Williams is agent for a patent washing machine and takes this method of traveling and selling his wares. The machine used shows signs of hard usage, but it is in good condition and Mr. Williams says that in the 50,000 miles he has yet to suffer the humiliation of being pulled into town by a four-footed animal.

OIL DRILLING AT MILL CREEK.

Crop Prospects Were Never Better in That Section.

Mill Creek, Okla., June 5.—The Mill Creek Mining & Milling Company closed a contract here May 31 with Messrs. Madden and Higelow of Ft. Worth, Texas, for the drilling of a prospective oil well or wells at this place. Work will commence within thirty days and be rushed to completion. Mr. Madden expressed the utmost confidence in being able to strike oil or gas and says that this appears to him to be an inviting field.

Prof. Leo Butts, principal of the high school at Ada was elected as superintendent of our city schools for the ensuing term, yesterday by the school board at this place.

The crop prospects in and around Mill Creek were never better than now, especially the corn crop, which shows an increase of nearly 100 per cent in acreage over last year. Already talk of an elevator here, is being made, to handle the prospective crop which will be immense.

There are too many men in this world who know more about what ails the general government than they do about what ails themselves.

DOLLIVER VS. ALDRICH

DOLLIVER YESTERDAY VIGOROUSLY DENOUNCED SPEECH OF RHODE ISLAND SENATOR.

NO FAITH IN ALDRICH NOW

Dolliver Says That Where Aldrich's Figures Used to Be Considered Statistics, Are Not to Be Relied On Now.

Washington, D. C., June 5.—Senator Dolliver in the senate today indulged in a vigorous denunciation of the speech made by the Rhode Island senator last night.

He declared that thirty years ago, he had gone everywhere carrying in his satchel speeches of Aldrich on the tariff, so he could refer to them as statistics, in which he said he "then had faith, but that this faith is gradually slipping away."

He ridiculed the talk about average rates, when the rates actually had been increased. "The equalization that has been effected," he said, "has been leaving the high rates up and bringing the lower ones nearer their level."

PATRICK'S WRIT IS DENIED

APPELLATE DIVISION OF SUPREME COURT DENIES APPLICATION FOR RELEASE.

New York, June 5.—Albert T. Patrick's application for a writ of habeas corpus releasing him from Sing Sing prison where he is under life sentence on the charge of the murder of William Marsh Rice was denied by the appellate division of the supreme court in Brooklyn today.

Patrick had appealed for a hearing on a writ which he had obtained from an individual justice of the supreme court. He had requested officers to show cause why he should not be released from prison or put to death for the murder of William Marsh Rice. In support of the writ Patrick several weeks ago made a personal sensational appeal to the appellate court in which he declared that the commutation of his death sentence to that of life imprisonment by Governor Higgins constituted the imposition of a sentence worse than death. Patrick also questioned the loyalty of his conviction on the ground of conspiracy.

TAFT POSTPONES HIS TRIP

ILLNESS OF PRESIDENT'S WIFE CAUSES POSTPONEMENT OF TRIP UNTIL FALL.

Washington, D. C., June 5.—President Taft has been forced, through the illness of Mrs. Taft, to postpone his proposed western summer trip until autumn.

It was the president's intention to depart in August on a ten weeks' tour of the west and Alaska.

It has developed, however, that the possibility of Mrs. Taft being able to accompany the president with safety before the early fall is slight, although she is making satisfactory progress toward recovery.
